

Economic Determinism, USA

Your Fixer laughs not to worry,
since he has choreographed for
even more circuitous thieves.

You breathe deep the fullest draught
of all, the anti-bureaucratic one! Ah!

Nice daydream, but as Middle-Class
you can't afford such services--unless
you join his internet pool.

And even then he must be running
a Special.

So. Patience. Rome wasn't extorted
in a day!

Besides, vast vistas of graft open to
those not really wealthy.

The non-lazy, non-wetback, etc.

It's a Democracy after all!
